

# TRAVEL WITH PEACE OF MIND TO MEXICO & THE CARIBBEAN

## Complimentary COVID-19 Testing\*

The safety and well-being of our guests are of paramount importance to us. This is why the portfolio of Marriott International Resorts in the Caribbean and Mexico is offering guests complimentary COVID-19 testing. Offering includes 2 complimentary Antigen tests for guests staying 3 consecutive nights or longer at any of following hotels & resorts. Free testing is included for up to two registered guests per room per stay, one test per person.

If you cannot complete your travel due to test-related reasons, our resorts are extending a **discounted extended stay up to 50% off Flexible Rate**. Offering is subject to terms and only available for U.S. travelers. Please consult additional terms and conditions. *Please note that U.S. travelers flying from U.S. territories like Puerto Rico and the U.S. Virgin Islands may be exempt from providing proof of a negative coronavirus test before boarding. Please check with government websites for up-to-date requirements to enter these U.S. territories.*

For more information, please contact our resorts directly or any of our [Global Customer Engagement Centers](#)

Updated: February 25, 2021

**\*Terms and conditions:** Offering applies for all available rates. Minimum 3-night stay required. No special rate code or promotional code required. Some restrictions apply; subject to change. Only valid for customers traveling to or through the United States of America upon hotel departure (returning or connecting). Onsite testing only available at participating resorts; in the rest of the destinations our staff will gladly inform you of the nearest local testing facilities. Certain participating hotels are independently owned and operated. On-property testing options and minimum length-of-stay requirements may vary per property. Guests may purchase additional on-property tests for a fee (additional tests are subject to availability). For additional information, please contact the resort directly, or call our toll-free [Global Customer Engagement Centers](#).
