Support for COVID-19 Testing Service at Decameron Hotels

In order to facilitate requirements mandated by the authorities from several countries for all travellers to get tested for COVID-19 and present a negative test result before returning home, Decameron Hotels is providing its guests with a list of trusted laboratories that provide PCR and Antigen testing service.

In the following list we list the laboratories by destination, the approximate cost of testing and the hotels that offer on-property testing. The guest may coordinate with the hotel reception staff one day in advance, or may contact the laboratory directly, in this case the guest must notify the hotel to authorize the entry of the laboratory staff.

Guests must pay for testing services directly to the laboratory and will receive their results privately. All related information is detailed in the table below. This information will be constantly updated.

Country	Destination	Laboratory	Address	Phone number	Service Hours	PCR test cost	PCR test on-property cost	Antigen test	Antigen test on-property cost	Results submission time PCR	Results submission time Antigen
