AN ALL-INCLUSIVE EXPERIENCE

COMPLIMENTARY ONSITE TESTING & MEDICAL ASSISTANCE

Now more than ever, we remain true to our commitment of providing a seamless and safe travel experience for all our guests at the all-inclusive Hard Rock Hotels in Mexico and the Dominican Republic.

In response to the CDC's recent requirement for a negative COVID-19 test to all air passengers entering the United States effective January 26 we have actively worked to offer convenient and affordable onsite testing options and medical assistance for our guests*.

Onsite Testing

All existing and new U.S. reservations of 3 or more nights booked by June 30, 2022 and traveling between now and December 31, 2022 or until the government mandate is lifted will receive **2 complimentary antigen tests per room**. Additional tests can be purchased (cost varies between \$35-\$50 USD). Antigen testing meets CDC requirements, and must be taken within 1 calendar day before your departing flight to the U.S.

Extended Stay & Onsite Medical Assistance Insurance

All guests with existing and new reservations of 3 or more nights booked by June 30, 2022 and checking out between now and December 31, 2022 who test positive for COVID-19 will be able to quarantine at an RCD Hotels property for up to 10 nights for a preferential rate. Additionally, onsite medical assistance insurance will be available for purchase to cover medical expenses such as doctor, medication, and hospitalization.** This promo is not combinable with travel insurance.

For more information please visit
Hard Rock Hotel Los Cabos - hardrockhotels.com/los-cabos
