COVID 19 TESTING

Our teams continue to monitor closely the latest developments surrounding COVID-19.

As we are aware that several countries are requiring a negative COVID-19 test result in order to board planes for international flights, our staff are available for 24-hour assistance.

In an effort to provide a safe travel experience for all, we would like to share the below information.

The hotel concierge/ reception teams will assist guest's with scheduling their tests if needed.

We encourage each client to verify the CDC website for the requirements for entry in to their arrival country. Antigen testing in some cases meets these CDC requirements, while other countries require PCR testing and must be taken within 3 calendar days before your departing International flight.

FREQUENTLY ASKED QUESTIONS

Do I need to make an appointment for the test or will walk-ins be accepted?

Guests are not required to make an appointment and walk-ins will be accepted. Guests should be aware as the service is first come first serve.

Cost of tests?

Antigen and PCR test cost varies depending on the various options available. Here we list some options closest to the hotel finishing with the farthest away from hotel.

- **Medex Lab** : Antigen \$350 pesos aprox \$18 USD, PCR \$1500 Pesos aprox \$77 USD (3 minutes ride from hotel). Antigen results same day, PCR next day
- **Costamed**: Antigen \$999 pesos , aprox \$52 USD, PCR \$2499 Pesos , aprox \$129 USD (10 minutes ride from hotel). Results given 36 to 48 hours.
