

MARIVAL RESORTS IS OFFERING FREE ON SITE COVID-19 TESTING FOR US GUESTS

In support of all our U.S. guests traveling to Marival Resorts, and to comply with the recent announcement of The U.S. Centers for Disease Control and Prevention, requiring all passengers entering the U.S., to present a negative Antigen test before boarding their return flight. Marival Resorts is pleased to announce that, as part of our enhanced Covid and safety measures we will be providing **complimentary on-site COVID-19 testing** available to all our US guests who wish to perform the test.

CDC compliant on-site testing for guests returning to the USA, will be complimentary with a **minimum 3 night stay**. The results will be provided within a 24 hour time period.

In case a guest tests positive, preventing departure, Marival Resorts will provide up to **14-day complimentary accommodation** as a precautionary measure for up to two guests per room. Should a friend or family member choose to stay during the time the guest remains in quarantine, a special distress rate will be provided.

Upon arrival, we kindly request an appointment is scheduled in order to assist you in a timely manner. We encourage all our guests to continue to adhere to our safety & hygiene protocols, such as maintaining social distancing during their stay at our resorts.

We trust this will bring you additional confidence in arranging your travel plans to Riviera Nayarit, and allow us the opportunity to welcome you to Marival Resorts in the near future. We look forward to seeing you soon!
